Brief Report about 2ND BOS Meeting

Dr. D V Ramamurthy, Principal GIET (A), welcomed all the members for BOS. Dr. B. Sujatha, Chairman BOS and HOD (Computer Science & Engineering) welcomed all the members to the BOS-CSE Meeting of GIET(A), for Two days i.e on 12th and 13th Feb 2016, at the RK Block-Board Room of GIET Campus, for finalizing 3rd and 4th year Syllabus along with other points in the agenda. The agenda points have been apprised to the members by Dean-Academics GIET(A), Dr. M Varaprasada Rao. During the meeting the following points were discussed and resolved as follows-

1. Course Structure for 1, 2, 3 and 4th years, on perusal, which were already approved by the earlier boards, following small changes have been suggested for future- The Subject of '**Computer Programming-1**' may be read as "Fundamentals of Computer Programming" and the syllabus may be looked into by the Computer Science Department, while holding the BOS, for the computer Science Department, while finalising the same for all departments which are having the subject as common course.

Similarly the Subject '**Computer Programming Lab-1**' may be modified to 'Computer Programming Fundamentals - Lab'. This is the suggestion to remove ambiguity in the structure. Accordingly the finalized Structure is placed at Annexure 1 for all the Four Years (1st Year, 2nd Year, 3rd Year and 4th Year) and is recommended the same for approval of College Academic Council. The said modified course structure of 1st year is enclosed at Annexure 1a.

2. The detailed syllabi for 3rd and 4th years have been reviewed with good inputs from all the External BOS Members. The suggestions have been incorporated and the syllabus has been finalized. These were enclosed at Annexure 3.
3. Syllabi for other departments in the following subjects have been finalized.
 1. OOPs through Java for ECE, EEE
 2. Computer Networks for ECE
 3. Network Security & Cryptography for ECE
 4. Artificial Neural Network & Fuzzy Logic for ECE
 5. Data base Management Systems for EEE
 6. Unix & Shell programming for EEE
 7. Artificial Intelligence Techniques for EEE
 8. Interactive Computer Graphics for Mechanical Engg.

4. The following inter disciplinary subject syllabi will be prepared by the respective departments, which are either in Departmental Electives or in Compulsory subject's categories.
- Data Communications by ECE
 - Management Science by DMS Dept. (MBA)
 - IPR & Patents by DMS Dept. (MBA)
 - Soft Skills by HBS Dept.
5. List of Experts for paper setting in the Specific Subjects of UG (3rd and 4th year) programmes has been approved and addition to the list as per requirements and scrutiny by the BOS Chairman –CSE, who is hereby authorized to do so and the said lists are placed at Annexure 5.

The chairman –Board of Studies Computer Science & Engineering Department thanked all the BOS members, especially the members came from long distances by using various modes of transport and helped in making the 'BOS Meeting' success with their valuable recommendations. BOS Chairman-CSE also thanked all members for giving valuable suggestions for bringing more improvements for the benefit of the students in concurrent environment.
