Event name : E Vehicle awareness programme
Event date : 09-01-2023
Event venue : Rajanagaram

An E-Vehicle Awareness Program was conducted by the NSS Unit of GIET (A) at Rajanagaram Village on January 9, 2023. The objective was to promote sustainable transportation solutions and raise awareness about the benefits of electric vehicles (E-Vehicles). The program aimed to educate the local community, with a particular focus on women and schoolgirls, about the importance of transitioning to eco-friendly modes of transportation. The key highlights of the event included awareness and education sessions, interactive workshops, community engagement, and inspirational talks. The event was convened by NSS PO Mr Y D Siva Prasad.

Event Name : National Energy Conservation Day
Event Date : 14-12-2021
Event Venue : Yerravaram

The Energy Conservation Day program was organized by the Department of EEE, in collaboration with the NSS Unit of GIET (A), at Yerravaram Village on December 14, 2022. During this event, volunteers enlightened the local residents about various Energy Conservation Techniques. These techniques included turning off lights upon exiting a room, disconnecting appliances when not in use, and opting for walking over driving. Energy conservation involves the conscious choice and implementation of strategies aimed at reducing energy consumption. It serves to both protect the environment and significantly lower utility expenses. The event was convened by EEE department HOD.

Event Name : National Energy Conservation Day
Event Date : 14-12-2021
Event Venue : Kalavacharla

The Energy Conservation Day program was organized by the Department of EEE, in collaboration with the NSS Unit of GIET (A), at Kalavacharla Village on December 14, 2021. During this event, volunteers enlightened the local residents about various Energy Conservation Techniques. These techniques included turning off lights upon exiting a room, disconnecting appliances when not in use, and opting for walking over driving. Energy conservation involves the conscious choice and implementation of strategies aimed at reducing energy consumption. It serves to both protect the environment and significantly lower utility expenses. The event was convened by EEE department HOD.

The Energy Conservation Day program was organized by the Department of EEE, in collaboration with the NSS Unit of GIET (A), at Jaggampeta Village on December 14, 2020. During this event, volunteers enlightened the local residents about various Energy Conservation Techniques. These techniques included turning off lights upon exiting a room, disconnecting appliances when not in use, and opting for walking over driving. Energy conservation involves the conscious choice and implementation of strategies aimed at reducing energy consumption. It serves to both protect the environment and significantly lower utility expenses. The event was convened by EEE department HOD.

Event Name : Awareness Program on Water Pollution

Date : 09-01-2020

Event Venue : Seethanagarm Village

The Awareness Program On Water Pollution organized by the Department of Automobile Engineering in collaboration with the NSS unit of GIET(A) at Seethanagaram Village was a resounding success. By bringing together experts, community members, and students, the program effectively disseminated knowledge about water pollution and its implications. The interactive nature of the event ensured active participation, and the distribution of informational materials and commitments from attendees indicated a positive change in their attitudes towards water pollution. Such initiatives play a vital role in raising awareness and fostering positive environmental practices within communities.

Event Name : National Energy Conservation Day
Event Date : 14-12-2019
Event Venue : Rajanagaram

The Energy Conservation Day program was organized by the Department of EEE, in collaboration with the NSS Unit of GIET (A), at Rajanagaram Village on December 14, 2019. During this event, volunteers enlightened the local residents about various Energy Conservation Techniques. These techniques included turning off lights upon exiting a room, disconnecting appliances when not in use, and opting for walking over driving. Energy conservation involves the conscious choice and implementation of strategies aimed at reducing energy consumption. It serves to both protect the environment and significantly lower utility expenses. The event was convened by EEE department HOD.

Event Name : National Energy Conservation Day
Event Date : 12-12-2018
Event Venue : Peddapuram

The Energy Conservation Day program was organized by the Department of EEE, in collaboration with the NSS Unit of GIET (A), at Peddapuram Village on December 12, 2018. During this event, volunteers enlightened the local residents about various Energy Conservation Techniques. These techniques included turning off lights upon exiting a room, disconnecting appliances when not in use, and opting for walking over driving. Energy conservation involves the conscious choice and implementation of strategies aimed at reducing energy consumption. It serves to both protect the environment and significantly lower utility expenses. The event was convened by EEE department HOD.
