**Resolutions Taken**

The following are the modifications done according to the recommendations given the BOS members

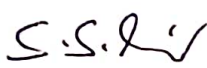

1. In MATHEMATICS-I (common for all branches), the concept of the mean value theorem shifted to first order differential equations (MATHEMATICS-II).
2. In MATHEMATICS-II (common for all branches), first ordered differential equations are included and Numerical Methods elaborated into three units.
3. In MATHEMATICS-III, Beta and Gamma functions are included.
4. It is suggested and insisted to make few changes in the end semester model paper.
